

Concrete Hopper

Concrete Hopper - This attachment is a self-dumping hopper that automatically sets off to dump when bumper release contacts the side of a dumpster. When unloading is completed, the hopper goes back to an upright and locked position. This piece of equipment even comes with a cable which enables operation from the seat of the lift truck so as to have the choice of manually dumping the hopper. There is a locking chain provided in order to secure the hopper to the fork truck. This particular product is constructed with reliable and consistent robotic welds for maximum strength. The forklift dumping hopper likewise has a blue powder coat finish so as to maintain durability.
