

## TCM Forklift Part

TCM Forklift Parts - Forklift trucks are a major player in the material handling field of each and every global industry. Transporting industrial goods happens every day on our industrious planet. First innovated as industrial vehicles in the 1930s in the United States of America, lift trucks gained recognition after World War II in the 1940s. Becoming an efficient and reliable means to material handling solutions, the practicality and need of these machinery spread internationally.

Originally founded as Toyo Carrier Manufacturing Company Limited, in 1949, the business was later renamed Toyo Umpanki Co. prior to becoming recognized as the TCM Corporation. Founded by Mr. N. Niwa manufactured Japan's very first forklift. Throughout the years, TCM forklifts have become a worldwide leader in lift truck manufacturing and have built a solid reputation with the business. TCM began building lift truck manufacturing locations outside of Japan during the 1980s and is presently engaged in forklift manufacturer at three foreign factories in Europe, China and the United States.

With more than fifty years of accumulated technology and expertise, TCM has been proudly making many models of industrial trucks, making their models known all around the globe. With an energetic and strong staff, TCM has been able to continually work towards becoming a future leading material handling company.
