

Lull Telehandler Parts

Lull Telehandler Parts - Telehandlers by Lull have been supplying load placement accuracy ever since 1959. The Lull telehandler could really help make the job easier and faster, whether the job involves positioning heavy steel, landing loads on scaffolding or transferring loads. These units are available along with the patented Stabil-Trak stability system so as to ensure operator confidence.

The horizontal placement system by Lull can supply 80 inches of boom travel for precision placement capabilities. There are likewise many optional Lull attachments for their telehandlers so as to help do any work.
